Wednesday Nite News

March 25, 2015

Things are going well, and our days are moving along more or less like normal, though we are both trying to make some small changes in our life. Katie and I were challenged recently to make rest a more serious part of our schedule. Something we've noticed is that usually the rest we take is in response to being exhausted—it's in *reaction* to having pushed too hard. We have both realized we need to be more *proactive* in scheduling times of rest at different points throughout the week. This is difficult for us to do because we both struggle with guilt when we take time for ourselves outside of our weekly day off. It's especially hard to convince ourselves it's worth it when much of our exhaustion is mental and emotional; we're not often physically worn out. We've learned (or, we *continue* to learn) that working with people brings a unique challenge because you don't clock out at 5pm. It's not an issue of taking your work home with you—your home is your work. It's a tough line to walk.

We tell you all this to ask for your prayers in this area. Pray that we have wisdom to recognize when we need to shut things off for a time so that we can recharge our bodies, brains, and hearts. Pray that we find rest *proactively* and not *reactively*.

That's a big thing that's been on our minds this last week, but here are some other things you can be praying for.

Our center continues to move along well. We have some volunteers helping every day we're open which has relieved much of the pressure for Sasha, Katie, and me. Right now we are giving families bags of groceries. We have also started to invite a handful of families to come pick up their groceries at our worship service on Sundays. This has been very encouraging, and it's allowed Katie and Nastia to teach a children's class every week.

For the last few Sundays, we have had almost forty people in attendance! It is so encouraging to have the room so full. Most are visitors and aren't around for good, but having that many people is an encouragement to everyone, and we almost have to push people out the door when it's time to leave. One visitor this last week said she was so encouraged by the love she saw. These are great things to hear.

Vanya is a really great guy, and he's been a part of our core group for half a year or so. He seems so close to making the decision to fully follow Christ, but he understands the seriousness of the decision and isn't rushing into it. I continue to encourage him to keep weighing the cost, but not to delay when he's made his decision. Vanya also struggles with self-esteem issues, and it's something we are working through together. In the past we've studied the Bible together weekly, and we're picking that back up tomorrow. Be praying for that.

That's all for today, everyone! We love you all so much and thank you for your faithful prayers!

Family News

The Pleasure of His Company: Ladies Event, this Saturday, March 28, from 9:00 am-1:00 pm. Speaker Judy Walpole. If you have not paid your registration fee, please be prepared to pay do so on Saturday.

Take-A-City 6 – Elwood, KS: There will be a report on the work at Elwood in the home of Gerry Lynn at 6:00 pm Saturday, March 28. Dinner will be provided. For more info, contact Lonnie Miller.
